

Warm Up:

1. Form small groups of 3-4.

Direct your attention to the headline and first paragraph of "Shanidar Cave Yields New Signs of Neanderthal Emotions," by Graham Chandler. To get yourself oriented, answer these questions:

- Who is at the center of this story?
- Where does the story take place?
- When does the story take place?

Discuss with your partners what you might be presented in the article by looking at its second, fourth and fifth photos. Based on what you see, how do the photos give further clues as to the focus of the article? Read the caption below each photo. What other topic(s) do they suggest the reading will be about?
